THE ANNUAL REPORT

CITY LIBRARIAN GIVES FIGURES FOR THE YEAR JUST PAST.

21,456 BOOKS LOANED OUT

Of This Number Ten Were Lost—An Average of 73 Persons Per Day Use Reading Rooms.

At a meeting of the library board held Thursday evening, Librarian Grace M. Langan made her monthly report for April and also her annual yearly report, which shows how successfully the library is being conducted and made use of. For April, 1912, there were 1,848 magazines and books loaned during the month, or an average of 61 a day. There were 1,535 readers in the reading room, 484 in the children's room, 289 in the reference room, 192 Sunday readers, making a total of 2,498 for the month, or 83 a day. The collections amounted to $13.53, $8.41 being received from a penny a day books, and the fines being $5.12. As compared with April, 1911, the last month's report shows an inerease of 255 in circulation, 236 in attendance, and a decrease of 43 cents in collection.

Miss Langan's yearly report, beginning May 1, 1911, and ending April 30, 1912, shows that the number of volumes in the library on May 1, 1911, were 7,015; number of volumes added during the year were 323, and 12 books were donated; number of government documents, pamphlets, etc., in the library were 2,125.

The report is as follows:

Total number of books and magazines loaned during the year, 21,456, an average of 59 a day.

Total number readers' cards issued 300, making a total number of 1,851 readers' cards issued to date.

Readers in rooms—Periodical room, 16,473; children's room, 4,945; reference room, 3,021; Sunday readers, 2,108. Total number readers, 26,547. Average per day, 73.

Collections—Fines, $78.31; a cent a day books, $100.54; miscellaneous, $2.65. Total amount, $181.50. Average per day, 50 cents.

During the year ten books were lost. They were: Romola and Silas Marner V. I., by George Eliot; Story of an Untold Love, by P. L. Ford; Window at the White Cat, by M. E. Rinehart; Alice For Short, by W. De-Morgan; Molly Make Believe, by E. Abbott; Geberal Nelson's Scout, by B. A. Dunn; Keith of the Border, by R. Parrish; Red Rock, by T. N. Page; Flower of the Dusk, by M. Rend, and Essential Lessons in Human Physiology, by W. E. Baldwin.

There are 56 magazines in use in the reading rooms and 5 city and 9 local newspapers.

REMEMBERED CARL WRIGHT.

Christian Endeavor Society of Hopkins Decided He Was in Home Missions.

Miss Frances Lindsay of Hopkins came to Maryville Thursday evening and brought $2 to The Democrat-Forum for the Carl Wright fund from the Christian Endeavor society of the Presbyterian church of Hopkins. The society studied home missions at its Sunday evening meeting, and during the discussion the members agreed that a contribution to aid in the effort to bring health and happiness to the little crippled boy at Maryville was as much a part of their work as to aid in any other movement in the country. And they are right, too.

Mrs. Georgia Beadle went to Ravenwood Friday to visit her sister, Mrs. Frank Loch.

HOW TO NOTIFY THEM.

An inquiry Made as to Time Poll Taxpayers Are to Be Notified by Road Overseers.

Inquiry has been made on the part of overseers as to the time in which they must notify poll taxpayers of amount due and time and place to pay their poll tax. Below we quote the law on the subject:

Sec. 10473. It shall be the duty of the road overseers of the several districts to notify poll taxpayers of his district, on or before the first day of June by at least four written notices posted in four conspicuous places in the district, the amount levied for poll tax, and the places and dates when he will meet poll taxpayers to receive their taxes; provided, that if said poll tax is not paid within thirty days after June 1st of each year, the amount may be recovered by a suit in the name of said road district, before any justice of the peace in the county; and provided further, that no property shall be exempt from seizure, and sale under judgment and execution in favor of any road district of any county in this state. (Laws 1911, p. 356.)

ANOTHER PRIZE OFFERED.

For Best Acre of Corn—To Be Awarded at State Corn Show at Columbia Next January.

Another prize is offered for the best acre of corn grown this year to the boy between the ages of 16 and 21 living in the northwest division of Missouri. The prize will be $50, and it was obtained by Thomas Slawson of Rea, in Andrew county, who is one of the vice presidents of the State Corn Growers' association from the Stock Yards company of St. Joseph. The prize will be awarded at the state corn show to be held in Columbia next January. For particulars write to C. H. Hutchinson at Columbia.

Get Rid of Dandelions Now.

The beautiful dandelions that look so pretty on the lawns just now will be going to seed long before long, and if you want to get rid of the yellow pests, as they often prove themselves to be, you had better cut them off now, before the seeds form. It is easy work now, much easier than it will be after awhile, when they have taken your yard or your neighbor's yard. Run the lawn mower over them and keep them down and the bluegrass will soon drive them out.

Teachers in Mathematics Meet.

Dean G. H. Colbert of the State Normal went to Columbia Friday to attend the state association of teachers in mathematics, which meets there Friday and Saturday. Mr. Colbert will be on Saturday's program. He will be the guest of his son, Mr. Herschel Colbert, a state university student, and will attend the track meet Saturday afternoon.

Quartet to Barnard and Pickering.

The Normal Male quartet will go to Barnard Friday evening to take part in the commencement program of the Barnard high school. On Tuesday they will go to Pickering to sing several numbers on the rural commencement program which will be held in the First M. E. church.

Revival Meetings Under Evangelist Crowe and Rev. Parvin are a Success

REV. M. F. CROWE.

The meetings at the M. E. church, South, are increasing in interest each day and night. The day services are at 10 a. m.

The song service Friday night will begin at 8:15 o'clock on account of the band concert, which will begin at 7:30 and close in time for all who wish to attend revival services. Miss Myrtle Sheldon will be the soloist.

The meeting Thursday night was good and the singing by the quartet was well liked. The number given was "Tho' Your Sins Be as Scarlet."

Rev. Crowe's sermon was founded on Kings 4:40—"There is death in the pot."

"The sons of the prophets had prepared the meal, and yet because of their mistake it was poisonous.

"It is difficult to keep even the church in a wholesome condition.

"There is death today in the commercial and financial pot.

"It is right to make money, if you can make it honorably, and any man who is any part of a real man would disdain to make it any other way.

"Too many are selling their souls for money today.

"Death in the social pot. Many a mother has advised her daughter against marrying an honorable man who was poor, until it only remained for her to marry some unworthy social leader because he had a little money, or to remain single for life.

"So many spend their lives in senseless rounds of social functions that never bring them any good, the dance, the forty-two or bridge whist party being the daily feast.

"The prophet sprinkled in a little meal and purified the food. The world needs the gospel with its leavening influence in all walks of life."

APPLE CROP WILL BE GOOD.

From Reports Received From Over the State—Outlook for Peach Crop Not Encouraging.

The outlook for the apple and peach crop, according to reports received from all over the state is very good, according to W. W. Chenoweth, secretary of the state board of horticulture at Columbia.

Indications now are that the apple crop will be unusually large if proper attention be given to spraying. Reports show that there will be a very heavy bloom, only a few reporting the bloom below the average, while many place it above average.

The peach bloom is practically confined to a very limited area in the southwestern part of the state, and even there the prospects for a crop are far below average. Practically all report very severe winter injury to trees.

Considerably more spraying than usual is being done. This gives a hopeful aspect to fruit growing in Missouri. Well sprayed orchards are, as a rule, good paying orchards.

BLASTING SPROUTTY PLACE.

Elias Orear Used Dynamite on Place and Now Ground is in Good Condition.

Elias D. Orear of this city recently blasted a sproutty place of ground on his farm, west of town, and the place is now in good shape and cultivation. The dynamite was put down eight feet under ground. The experiment has been used often in Kansas City, but this is the first time it has been used here.

Treason! Treason!!

In his speech at Boston, Mr. Taft intimated that after all Theodore Roosevelt is "not necessary to the life of the nation." It will occur to a great many people that the man who is important enough to select his successor as president of the United States is not to be sneered at—just because he is now trying to name a successor to his successor.—Bryan's Commoner.

Miss Zella Barton returned to her home in Parnell Friday from a two days' visit at the home of Mr. and Mrs. Oliver McNeal of near Graham, and a few days this week with Mr. and Mrs. George Null of the city. Miss Barton has been re-elected teacher of the Morgan school near Graham. Her visit to her Graham friends at this time was to attend the rural commencement of Hughes township school.

TO HAVE STREET PARADE.

Car of R. C. H. and Two Flanders Runabouts for Mason & Wilderman Came in Thursday.

Mason & Wilderman, automobile dealers, received a car load of R. C. H. cars, and also two Flanders runabouts from Kansas City Thursday. The runabouts were driven up from Kansas City by A. O. Mason and Homer Shipps.

Plans are being made by Mason & Wilderman to have a street parade at 2:30 o'clock Saturday afternoon around the business streets. They have received many new cars this week and all of them will be in the parade.

SHOW WAS A SUCCESS.

"Higbee of Harvard" Given for Benefit of Carl Wright at Empire Theater Thursday Evening.

The Owls' show given Thursday evening at the Empire for the benefit of Carl Wright was a success and was well attended. The play was "Higbee of Harvard," and was presented by Misses Alma Nash, Besse Scott, Helen Paul and Mary O'Brien, and Messrs. Glenn Goff, W. A. Robertson, W. G. Price, H. J. Becker and Lester Bennett. Probably $35 will be turned over to the Carl Wright fund from this benefit, show, the exact amount not being known at this time.

Have Colorado Guest.

Mrs. I. T. Cornell of Alamosa, Col., arrived in Maryville Thursday evening on a visit to Maryville friends, Mrs. W. A. Holliday, Mrs. Alice Gehr and Mrs. Charles McNeal. Mrs. Cornell was engaged in the millinery business in Maryville a few years ago. She was a Song[illegible] to the city Friday [illegible] Plat[illegible] Neb., where she had [illegible] sister.

FRECKLES

Don't Hide Them With a Veil: Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by any first class druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask for the double strength othine; it is this that is sold on the money back guarantee.

Married at Minister's Home.

Miss Bessie M. Eshelman and Mr. Harry A. King of Hopkins were united in marriage Thursday morning at 10 o'clock at the home of Rev. and Mrs. Claude J. Miller of the Christian church, Rev. Miller performing the ceremony. The bride and groom were attended by Mr. Edgar King of Gowrie, Ia., a brother of the groom, and Mr. and Mrs. Cyrus A. Morehouse of Hopkins. The bride was very attractive in a pale blue satin messaline gown, with pale blue satin braid hat trimmed in small pink rosebuds. The party returned to Hopkins at noon. Mr. and Mrs. King will live on a farm five miles southwest of Hopkins. Two sisters of Mrs. King, Mrs. Harvey Howard and Mrs. Lloyd Burch of Hopkins, have been married in the home or study of the pastor of the Christian church of this city in the last fifteen months, and their mother was married a few months ago, and is now living in Oklahoma.

Clean-Up Day in Hopkins.

Mayor Charles Donlin is heading the clean-up campaign in Hopkins Friday. The schools of the city are having a holiday to aid in the movement for a clean town. The P. E. O. chapter voted to go into the civic question at its last meeting, and Friday's clean-up day may be regarded as a preliminary for the things the women will inaugurate in that town. It's about time Maryville was waking up along this line. The women's clubs will have to start the campaign or it will be done, it seems. We have many dirty streets. It's awful to have to tell it right out in this social column. But do you know, sisters, that the man who demonstrated that street washing machine on our streets last summer said Maryville had the worst streets he had ever worked his machine on? And he was from Chicago, too, and had demonstrated his machine in hundreds of towns. The mayor and city council seem to have forgotten all about it. But that does not change the fact any. Our paved streets are a sight to behold. There isn't the smallest bit of an excuse for such a state of things. Let's not brag any more about our beautiful town until we clean it up. Everyone that comes to town notices our dirty paved streets. Have you noticed them, Mr. Mayor and City Council?

FOR CLARK'S CAMPAIGN.

Money is Badly Needed by Headquarters and Democrats Here Should Donate.

Since Clark's chance for the Democratic nomination are brighter than any other candidate for president, the Democrats should help a little toward his campaign. The Democrat-Forum will receive contributions and will send them in to headquarters.

HOME ENDORSEMENT.

Hundreds of Maryville Citizens Can Tell You All About It.

Home endorsement, the public expression of Maryville people, should be evidence beyond dispute for every Maryville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Mrs. A. Weidman, 403 East Thompson street, Maryville, Mo., says: "I gladly re-endorse Doan's Kidney Pills and confirm the former testimonials I have given in their praise. I had pains in my kidneys and a dull ache across my back. These troubles were always worse after any change in the weather or when I took cold. I used different remedies with little success and was in despair when I had Doan's Kidney Pills recommended to me. I procured a box at Love's drug store (now Love & Gaugh's drug store), and they were just what my run down system needed. In less than a month I was free from ... trouble."

CINCINNATI BANK HEAD ARRESTED

President of Second National Charged With Misusing Funds.

ENTIRE SURPLUS DISAPPEARED

Large Sum Loaned to Furniture Concern Interested in Prison Contracts Started Trouble—Shortage is $33,000.

Cincinnati, May 3.—E. E. Galbreath, president of the Second National bank of this city, was arrested here by a United States marshal on a charge of misapplying the funds of the concern.

The warrant for Galbreath's arrest charged him with having misappropriated funds of the institution to the amount of $33,000. Before becoming president of the Second National, Galbreath was a federal bank examiner.

The transaction upon which the warrant was issued occurred April 8. It is alleged that Galbreath placed in the Second National bank a draft for $33,000 drawn on the Third National bank of St. Louis, of which his brother G. W. Galbreath is vice president. It is charged that he then drew out of the Second National funds aggregating this amount, although, it is alleged, he had no account with the St. Louis bank.

Pleads Not Guilty.

Following his arrest, Galbreath was taken before United States Commissioner Adler. He pleaded not guilty to the charge and waived examination. Bond was fixed at $15,000.

The arrest of Galbreath came as a development of the investigation of the Second National bank by Bank Examiner Goodheart, who found that the entire surplus of the institution was gone and that the capital stock would be eaten up in protecting depositors.

Made Bad Loan.

According to financiers familiar with the affairs of the Second National, one of the chief causes of its troubles was the loaning of a large sum, said to be nearly $600,000, on stock of the Ford-Johnson company, a furniture making concern, which had contracts for convict labor at many state prions. This security it is said, deteriorated particularly after the company was thrown into the hands of a receiver.

The Ford-Johnson paper also figured in the embarrassment of the Cincinnati Trust company, of which George B. Cox was president. The trust company was taken over by the Provident Savings Bank and Trust company several months ago.

MINE AGREEMENT REPUDIATED

Committee of Operators and Workmen Adjourned and Suspension in Field Continues.

New York, May 3.—The full committee of anthracite operators and miners voted down the agreement that was submitted to them by the subcommittee of the operators and miners to settle the controversy over the question of increased wages and other questions in the anthracite region.

The conference of operators and workers, which was expected by the subcommittee to take favorable action on the agreement, adjourned subject to the call of the chairman. It was announced that the suspension of work throughout the anthracite fields would continue.

FLOOD SITUATION SEEMS HOPELESS

All Hope of Patching Big Crevasse in Levee Abandoned.

WATER THROUGH 800-FOOT BREAK

Special Trains Being Used in Rescue Work—Condition Expected to Become Worst in History of Mississippi River.

Torras, La., May 3.—Hope of patching the break in the Mississippi river levee at Torras, expected to cause the worst situation in Lower Mississippi flood history, was abandoned and water is rushing through the 800-foot breach at the rate of twelve miles an hour. Several small towns were inundated.

The dike protecting the state penal farm at Angola broke in the afternoon, but the flood will be confined to a small section. Reports from other places show the guage readings steadily going upward.

Baton Rouge has been made the concentration point for persons made homeless by the Torras break. Hundreds were taken there during the day and night. The work of caring for these people went on rapidly.

Doubtless preparations for the break at Torras prevented loss of life. As at other threatened points, a train had been placed at Torras ready to go at a moment's notice. When the break came the inhabitants rushed for this harbor. Even some live stock was put aboard and the train run out of the danger zone. Steamboats picked up many marooned persons and took them to Baton Rouge, where government rations are being dealt out.

Sheriff Runs Train.

Sheriff Parker of West Baton Rouge Parish is in charge of a Southern Pacific shuttle train running through the Atchafalaya swamps of Iberville and St. Martin parishes, removing marooned inhabitants to places of safety. The train will continue to run until all are removed, unless the track is washed away. The St. Louis & San Francisco railroad also sent out a special train to pick up inhabitants and live stock all along the line.

Pointe Coupee Parish is the heaviest loser by this last break, but the flood waters may extend over six or eight parishes. Fourteen parishes had been flooded before the Torras break.

Bird's Point Again Flooded.

Cairo, Ill., May 3.—The flood from the Mississippi river again has submerged the country around Bird's Point, Mo., just south of here, and the farmers of that region have been driven from their homes for the second time in six weeks.

DIRIGIBLES DESTROYED A CAMP

First Time in History of World Where They Were Successfully Used for Destruction.

Rome, May 3.—The first successful use of the dirigible as a weapon of offensive warfare took place at Azisiah in Tripoli when two of the new dirigibles circled over the camp and dropped thirty bombs, completely destroying the enemy's position.

Dirigibles had previously been used for reconnoitering and a few bombs had been dropped, but this was the first instance in the history of the world where they were used at length as war machines and kept at the task until an entire camp had been wiped out.

No particulars of the loss of life have been received other than the statement by the Italian military commander that it was "very heavy." The Turks tried to utilize their field pieces to destroy the dirigibles with shrapnel, but they could not get enough elevation, and the explosives fell far short.

Germany to Stop Duels.

Berlin, May 3.—Great indignation was expressed in the Reichstag over the fatal duel when Surgeon Bruning shot and killed Lieutenant Springer at Rastatt, as the result of a dispute over the debate in the Reichstag on the duelling question. A bill was introduced making duelling a penal offense, and it is believed that public sentiment will cause its passage.

Kansas Normal Honors May.

Emporia, Kas., May 3.—The most spectacular pageant in the history of Kansas state normal was the May Day fete, held here on the athletic field. Three hundred children of the model school, assisted by students from the normal proper, took part.

Osawatomie Voted Bonds.

Osawatomie, Kas., May 3.—The bond election in this city providing for the issuing of $20,000 in bonds for a municipal electric plant and other civic improvements was carried by a majority of about 4 to 1. Work will start immediately.

Says Socialists Were Tricked.

Washington, May 3.—Representative Victor Berger, the Wisconsin Socialist, says the flag tramping incident in Union Square, New York, was a trick of Anarchists and Industrial Workers of the World.

Start in with a DEERE No. 9 Corn Planter

Accurate Edge Selection Drop

THE great accuracy of drop is what naturally interests you most. **Deere** genuine edge selection of corn gives the highest accuracy of drop attainable. Repeated tests show ten to fifteen bushels per acre in favor of accurate planting. This, combined with many other exclusive, desirable features, makes the **No. 9** a profitable investment. You profit by the increased yield due to perfect stand, by the additional years of service and freedom from break down.

Most progressive farmers and planters **won't have** any other. Best informed dealers refuse to consider handling any other. Investigate the time saving and profitable reasons why.

Main seed shaft driven directly by traction wheels takes all the strain from check wire, and avoids side draft. Compensating valves insure perfect check regardless of team speed.

Instantly changed from check to drill drop. Tip-over hoppers—very convenient in changing plates. Plates for all kinds of corn. Five sets always furnished. Standard runner, stub runner, or single disc furrow openers, as ordered. Concave or open tire wheels. Fertilizer attachment that hills or drills, furnished extra. **Every** detail is worked out in the best possible manner. **Come in and see us** and keep posted. We have but briefly mentioned some of the strong features above. Or drop us a post card, and we will promptly send detailed **proofs** free. Deere goods are of the highest standard, and satisfy the most exacting. RAILROAD FIREMEN WANT MORE MONEY

Were Encouraged by Engineer's Arbitration Agreement.

MANAGERS TO DISCUSS MATTER

Men Demand, in Addition to Increased Pay, Many Changes in Hours and Working Conditions.

New York, May 3.—Following closely upon the agreement of the engineers and managers of the fifty railroads east of Chicago to submit to arbitration the demands of the engineers for increased wages and changes in their hours of work, the locomotive firemen and hostlers of the same railroads have submitted to the managers a schedule requesting additional pay, changes in hours and in some cases the employment of assistant firemen.

Would Cost $30,000,000 Annually.

W. [illegible] Carter of Peoria, Ill., president of the Brotherhod of Locmotive Firemen and Enginemen, presented demands to J. C. Stuart, chairman of the conference committee of railroad managers, who told him managers would be called to meet as soon as possible to discuss them, so not one after. Later it was stated on government's of the managers that to grant [illegible] without demands would mean an additional annual outlay by the railroads between $25,000,000 and $30,000,000.

Leaders Named demands of the men were [illegible] at a meeting of the Eastern federated board of the Brotherhood of Locomotive Firemen and Enginemen held at Chicago, and embrace increases in the pay of firemen on the passenger and through local freight services and on switch engines and for hostlers and [illegible] on electric engines.

Ask Many Concessions.

They also call for a day's work of [illegible] or less or of runs of 100 miles. A stipulation in this [illegible] is that all mileage in excess of [illegible] hours shall be paid for at mileage rates.

The men [illegible] ask also that firemen shall be paid [illegible] than a home terminal after the expiration of [illegible] continuous time after the time [illegible] of fifteen hours from that fireman [illegible] register off duty and cleaning [illegible] shall be relieved from demand [illegible] nes. The clause in the specifying for assistant firemen [illegible] these men shall be employed [illegible] burning locomotives in the [illegible] service and that the assistant shall [illegible] the regular fireman [illegible] scribed duties incident to the firing of a locomotive. The pay [illegible] is to be determined [illegible] ce of firemen and the [illegible] agers.

OF MOB ARE INDICTED

Grand Jury Acts on 18 Who Lynched Innocent Negro.

Fort Smith, Ark., May 3.—The special grand jury finished its work of investigating the lynching of Sanford Lewis, a young negro, in Fort Smith on the night of Saturday, March 23. Twenty-three indictments were found against eighteen persons, including six former police officers. Twelve indictments were for first degree murder. Two of the men charged with the murder are in jail, and all the police officers except one have surrendered themselves and given bond. They are charged with nonfeasance in office.

The report of the grand jury clears the negro, Lewis, of killing Constable Andy Carr, for whose death the mob formed. The report charges John B. Williams, a prosperous business man, and the holder of a police commission, with the shooting of Carr, and he was indicted for involuntary manslaughter.

ARE YOU GUILTY.

Do You Smoke Too Much, Drink Too Much, Eat Too Much?

It takes a mighty good stomach to feel ready for a good breakfast the morning after the banquet or social session.

"What do you want for breakfast?" inquired Brown's good wife.

"Just a pleasant smile and a breath of fresh air," answered Brown the morning after an important meeting at the lodge.

If you eat, smoke or drink too much always remember that two little Mi-o-na stomach tablets taken just before you go to bed will destroy all poisonous gases and leave you with a sweet, clean stomach in the morning.

For indigestion and all stomach distress, Mi-o-na is the best prescription in the world. The Orear-Henry Drug Co. sells it on money back plan. Large box only 50 cents.

VOLUME 2. MARYVILLE, MISSOURI, FRIDAY, MAY 3, 1912. NO. 287.

THE ANNUAL REPORT

CITY LIBRARIAN GIVES FIGURES FOR THE YEAR JUST PAST.

21,456 BOOKS LOANED OUT

Of This Number Ten Were Lost—An Average of 73 Persons Per Day Use Reading Rooms.

At a meeting of the library board held Thursday evening, Librarian Grace M. Langan made her monthly report for April and also her annual yearly report, which shows how successfully the library is being conducted and made use of. For April, 1912, there were 1,848 magazines and books loaned during the month, or an average of 61 a day. There were 1,535 readers in the reading room, 484 in the children's room, 289 in the reference room, 192 Sunday readers, making a total of 2,498 for the month, or 83 a day. The collections amounted to $13.53, $8.41 being received from a penny a day books, and the fines being $5.12. As compared with April, 1911, the last month's report shows an inerease of 255 in circulation, 236 in attendance, and a decrease of 43 cents in collection.

Miss Langan's yearly report, beginning May 1, 1911, and ending April 30, 1912, shows that the number of volumes in the library on May 1, 1911, were 7,015; number of volumes added during the year were 323, and 12 books were donated; number of government documents, pamphlets, etc., in the library were 2,125.

The report is as follows:

Total number of books and magazines loaned during the year, 21,456, an average of 59 a day.

Total number readers' cards issued 300, making a total number of 1,851 readers' cards issued to date.

Readers in rooms—Periodical room, 16,473; children's room, 4,945; reference room, 3,021; Sunday readers, 2,108. Total number readers, 26,547. Average per day, 73.

Collections—Fines, $78.31; a cent a day books, $109.54; miscellaneous, $2.65. Total amount, $181.50. Average per day, 50 cents.

During the year ten books were lost. They were: Romola and Silas Marner V. I., by George Eliot; Story of an Untold Love, by P. L. Ford; Window at the White Cat, by M. E. Rinehart; Alice For Short, by W. De-Morgan; Molly Make Believe, by E. Abbott; Geberal Nelson's Scout, by B. A. Dunn; Keith of the Border, by R. Parrish; Red Rock, by T. N. Page; Flower of the Dusk, by M. Rend, and Essential Lessons in Human Physiology, by W. E. Baldwin.

There are 56 magazines in use in the reading rooms and 5 city and 9 local newspapers.

REMEMBERED CARL WRIGHT.

Christian Endeavor Society of Hopkins Decided He Was in Home Missions.

Miss Frances Lindsay of Hopkins came to Maryville Thursday evening and brought $2 to The Democrat-Forum for the Carl Wright fund from the Christian Endeavor society of the Presbyterian church of Hopkins. The society studied home missions at its Sunday evening meeting, and during the discussion the members agreed that a contribution to aid in the effort to bring health and happiness to the little crippled boy at Maryville was as much a part of their work as to aid in any other movement in the country. And they are right, too.

Mrs. Georgia Beadle went to Ravenwood Friday to visit her sister, Mrs. Frank Loch.

HOW TO NOTIFY THEM.

An Inquiry Made as to Time Poll Taxpayers Are to Be Notified by Road Overseers.

Inquiry has been made on the part of overseers as to the time in which they must notify poll taxpayers of amount due and time and place to pay their poll tax. Below we quote the law on the subject:

Sec. 10473. It shall be the duty of the road overseers of the several districts to notify poll taxpayers of his district, on or before the first day of June by at least four written notices posted in four conspicuous places in the district, the amount levied for poll tax, and the places and dates when he will meet poll taxpayers to receive their taxes; provided, that if said poll tax is not paid within thirty days after June 1st of each year, the amount may be recovered by a suit in the name of said road district, before any justice of the peace in the county; and provided further, that no property shall be exempt from seizure, and sale under judgment and execution in favor of any road district of any county in this state. (Laws 1911, p. 356.)

ANOTHER PRIZE OFFERED.

For Best Acre of Corn—To Be Awarded at State Corn Show at Columbia Next January.

Another prize is offered for the best acre of corn grown this year to the boy between the ages of 16 and 21 living in the northwest division of Missouri. The prize will be $50, and it was obtained by Thomas Slawson of Rea, in Andrew county, who is one of the vice presidents of the State Corn Growers' association from the Stock Yards company of St. Joseph. The prize will be awarded at the state corn show to be held in Columbia next January. For particulars write to C. H. Hutchinson at Columbia.

Get Rid of Dandelions Now.

The beautiful dandelions that look so pretty on the lawns just now will be going to seed long before long, and if you want to get rid of the yellow pests, as they often prove themselves to be, you had better cut them off now, before the seeds form. It is easy work now, much easier than it will be after awhile, when they have taken your yard or your neighbor's yard. Run the lawn mower over them and keep them down and the bluegrass will soon drive them out.

Teachers in Mathematics Meet.

Dean G. H. Colbert of the State Normal went to Columbia Friday to attend the state association of teachers in mathematics, which meets there Friday and Saturday. Mr. Colbert will be on Saturday's program. He will be the guest of his son, Mr. Herschel Colbert, a state university student, and will attend the track meet Saturday afternoon.

Quartet to Barnard and Pickering.

The Normal Male quartet will go to Barnard Friday evening to take part in the commencement program of the Barnard high school. On Tuesday they will go to Pickering to sing several numbers on the rural commencement program which will be held in the First M. E. church.

Revival Meetings Under Evangelist Crowe and Rev. Parvin are a Success

REV. M. F. CROWE.

The meetings at the M. E. church, South, are increasing in interest each day and night. The day services are at 10 a. m.

The song service Friday night will begin at 8:15 o'clock on account of the band concert, which will begin at 7:30 and close in time for all who wish to attend revival services. Miss Myrtle Sheldon will be the soloist.

The meeting Thursday night was good and the singing by the quartet was well liked. The number given was "Tho' Your Sins Be as Scarlet."

Rev. Crowe's sermon was founded on Kings 4:40—"There is death in the pot."

"The sons of the prophets had prepared the meal, and yet because of their mistake it was poisonous.

"It is difficult to keep even the church in a wholesome condition.

"There is death today in the commercial and financial pot.

"It is right to make money, if you can make it honorably, and any man who is any part of a real man would disdain to make it any other way.

"Too many are selling their souls for money today.

"Death in the social pot. Many a mother has advised her daughter against marrying an honorable man who was poor, until it only remained for her to marry some unworthy social leader because he had a little money, or to remain single for life.

"So many spend their lives in senseless rounds of social functions that never bring them any good, the dance, the forty-two or bridge whist party being the daily feast.

"The prophet sprinkled in a little meal and purified the food. The world needs the gospel with its leavening influence in all walks of life."

APPLE CROP WILL BE GOOD.

From Reports Received From Over the State—Outlook for Peach Crop Not Encouraging.

The outlook for the apple and peach crop, according to reports received from all over the state is very good, according to W. W. Chenoweth, secretary of the state board of horticulture at Columbia.

Indications now are that the apple crop will be unusually large if proper attention be given to spraying. Reports show that there will be a very heavy bloom, only a few reporting the bloom below the average, while many place it above average.

The peach bloom is practically confined to a very limited area in the southwestern part of the state, and even there the prospects for a crop are far below average. Practically all report very severe winter injury to trees.

Considerably more spraying than usual is being done. This gives a hopeful aspect to fruit growing in Missouri. Well sprayed orchards are, as a rule, good paying orchards.

BLASTING SPROUTTY PLACE.

Elias Orear Used Dynamite on Place and Now Ground is in Good Condition.

Elias D. Orear of this city recently blasted a sproutty place of ground on his farm, west of town, and the place is now in good shape and cultivation. The dynamite was put down eight feet under ground. The experiment has been used often in Kansas City, but this is the first time it has been used here.

Treason! Treason!!

In his speech at Boston, Mr. Taft intimated that after all Theodore Roosevelt is "not necessary to the life of the nation." It will occur to a great many people that the man who is important enough to select his successor as president of the United States is not to be sneered at—just because he is now trying to name a successor to his successor.—Bryan's Commoner.

Miss Zella Barton returned to her home in Parnell Friday from a two days' visit at the home of Mr. and Mrs. Oliver McNeal of near Graham, and a few days this week with Mr. and Mrs. George Null of the city. Miss Barton has been re-elected teacher of the Morgan school near Graham. Her visit to her Graham friends at this time was to attend the rural commencement of Hughes township school.

TO HAVE STREET PARADE.

Car of R. C. H. and Two Flanders Runabouts for Mason & Wilderman Came in Thursday.

Car of R. C. H. and two Flanders runabouts for Mason & Wilderman, automobile dealers, received a car load of R. C. H. cars, and also two Flanders runabouts from Kansas City Thursday. The runabouts were driven up from Kansas City by A. O. Mason and Homer Shipps.

Plans are being made by Mason & Wilderman to have a street parade at 2:30 o'clock Saturday afternoon around the business streets. They have received many new cars this week and all of them will be in the parade.

SHOW WAS A SUCCESS.

"Higbee of Harvard" Given for Benefit of Carl Wright at Empire Theater Thursday Evening.

The Owls' show given Thursday evening at the Empire for the benefit of Carl Wright was a success and was well attended. The play was "Higbee of Harvard," and was presented by Misses Alma Nash, Besse Scott, Helen Paul and Mary O'Brien, and Messrs. Glenn Goff, W. A. Robertson, W. G. Price, H. J. Becker and Lester Bennett. Probably $35 will be turned over to the Carl Wright fund from this benefit, show, the exact amount not being known at this time.

Closing of Myrtle Tree School.

The Myrtle Tree school, northeast of Maryville, closed Friday with the annual dinner given by the patrons of the school, and the program given by the pupils, consisting of dialogues, recitations, songs and exercises. Miss Effie Henderson of Barnard has taught this school very successfully for three terms and it is regretted by the patrons that she will not teach the school another term. There were three graduates from the school this term, Pearl Neal and Lois and Edith Wiley.

Miss Henderson returned to her home Friday evening, after a few days' visit in Maryville with Mrs. E. R. Belcher, 502 East Seventh street.

Returned From California.

Mrs. Charles Haudenschield returned from Los Angeles, Cal., Friday and will visit her parents, Mr. and Mrs. J. V. Embree, for some time. Rev. Haudenschield, who has been engaged in evangelistic work in California since last fall, will come to Maryville later.

TRIMBLE IS COMING

JUDGE OF SEVENTH DISTRICT TO HOLD COURT HERE.

CASE FROM ATCHISON CO.

Among Cases to Be Tried Are Gaming Cases in Which Indictments Were Found by Grand Jury.

An adjourned session of circuit court is to be held on Monday, with Judge F. H. Trimble of Liberty, Mo., circuit judge of the seventh judicial district, as special judge to try several cases. The new court stenographer, Harry A. Brewer will assume his position at that time.

Judge Trimble is a candidate for judge of the Kansas City court of appeals. Te has many friends in this city among the members of the bar.

The most important case that will come up next week before Judge Trimble is that of the state vs. Ollie Long, charged with seduction. The case comes to this county on a change of venue from Atchison county. The attorneys in the case are Ed Frazer and L. J. Miles of Rock Port and Shimabargar, Blagg & Ellison of this city, for the state, and Hunt, Bailey & Hunt of Rock Port, John W. Stokes of Craig, and Cook, Cummins & Dawson of Maryville, for the defendant.

Other cases before Judge Trimble will be the gaming cases that were to come up at the February term of court, but a change of venue was applied for and granted. These cases are Bruce Johnson, charged with gaming and running a gaming house; Jim Mulholland, George Keefe and Dick Woods, charged with gaming. All of these were indicted by the grand jury in February.

DR. MORTON COMING.

Is to Give a Medical Lecture at the Normal Wednesday Morning.

The students and faculty of the Normal and the people of the city will have the opportunity to hear another medical authority in the person of Dr. Daniel Morton of St. Joseph, who will deliver an address on "The Progress of Medical Science in America" at the Normal auditorium Wednesday morning at the chapel hour, which comes at 9:50 o'clock. Dr. Morton is one of the foremost medical authorities of the middle west, and his talk, which will emphasize the use of preventives and the exercising of sanitation, will be of vital interest to everyone. There will be no charge for Dr. Morton's lecture, and President Taylor urges that a large number of people attend.

TO START FOUNDATION.

Trenches Being Dug Today on Postoffice Site for Concrete Foundation.

Trenches for concrete are being dug today on the postoffice site, and the foundation work will start Monday. The excavating is nearly completed.

Dedicated New School Building.

Dr. H. K. Taylor returned this morning from Excelsior Springs, where he assisted in the dedication of the new high school building Wednesday. Dr. Taylor was much impressed by the beauty of the structure, and he thinks that it is without a doubt the nicest and best equipped high school building in the state, taking into consideration the size of the town.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by any first class druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask for the double strength othine; it is this that is sold on the money back guarantee.

Married at Minister's Home.

Miss Bessie M. Eshelman and Mr. Harry A. King of Hopkins were united in marriage Thursday morning at 10 o'clock at the home of Rev. and Mrs. Claude J. Miller of the Christian church, Rev. Miller performing the ceremony. The bride and groom were attended by Mr. Edgar King of Gowrie, Ia., a brother of the groom, and Mr. and Mrs. Cyrus A. Morehouse of Hopkins. The bride was very attractive in a pale blue satin messaline gown, with pale blue satin braid hat trimmed in small pink rosebuds. The party returned to Hopkins at noon. Mr. and Mrs. King will live on a farm five miles southwest of Hopkins. Two sisters of Mrs. King, Mrs. Harvey Howard and Mrs. Lloyd Burch of Hopkins, have been married in the home or study of the pastor of the Christian church of this city in the last fifteen months, and their mother was married a few months ago, and is now living in Oklahoma.

Clean-Up Day in Hopkins.

Mayor Charles Donlin is heading the clean-up campaign in Hopkins Friday. The schools of the city are having a holiday to aid in the movement for a clean town. The P. E. O. chapter voted to go into the civic question at its last meeting, and Friday's clean-up day may be regarded as a preliminary for the things the women will inaugurate in that town. It's about time Maryville was waking up along this line. The women's clubs will have to start the campaign or it won't be done, it seems. We have many dirty streets. It's awful to have to tell it right out in this social column. But do you know, sisters, that the man who demonstrated that street washing machine on our streets last summer said Maryville had the worst streets he had ever worked his machine on? And he was from Chicago, too, and had demonstrated his machine in hundreds of towns. The mayor and city council seem to have forgotten all about it. But that does not change the fact any. Our paved streets are a sight to behold. There isn't the smallest bit of an excuse for such a state of things. Let's not brag any more about our beautiful town until we clean it up. Everyone that comes to town notices our dirty paved streets. Have you noticed them, Mr. Mayor and City Council?

FOR CLARK'S CAMPAIGN.

HOME ENDORSEMENT.

Hundreds of Maryville Citizens Can Tell You All About It.

Home endorsement, the public expression of Maryville people, should be evidence beyond dispute for every Maryville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Mrs. A. Weidman, 403 East Thompson street, Maryville, Mo., says: "I gladly re-endorse Doan's Kidney Pills and confirm the former testimonials I have given in their praise. I had pains in my kidneys and a dull ache across my back. These troubles were always worse after any change in the weather or when I took cold. I used different remedies with little success and was in despair when I had Doan's Kidney Pills recommended to me. I procured a box at Love's drug store (now Love & Gaugh's drug store), and they were just what my run down system needed in less than a month I was free from trouble."

CINCINNATI BANK HEAD ARRESTED

President of Second National Charged With Misusing Funds.

ENTIRE SURPLUS DISAPPEARED

Large Sum Loaned to Furniture Concern Interested in Prison Contracts Started Trouble—Shortage is $33,000.

Cincinnati, May 3.—E. E. Galbreath, president of the Second National bank of this city, was arrested here by a United States marshal on a charge of misapplying the funds of the concern.

The warrant for Galbreath's arrest charged him with having misappropriated funds of the institution to the amount of $33,000. Before becoming president of the Second National, Galbreath was a federal bank examiner.

The transaction upon which the warrant was issued occurred April 8. It is alleged that Galbreath placed in the Second National bank a draft for $33,000 drawn on the Third National bank of St. Louis, of which his brother G. W. Galbreath is vice president. It is charged that he then drew out of the Second National funds aggregating this amount, although, it is alleged, he had no account with the St. Louis bank.

Pleads Not Guilty.

Following his arrest, Galbreath was taken before United States Commissioner Adler. He pleaded not guilty to the charge and waived examination. Bond was fixed at $15,000.

The arrest of Galbreath came as a development of the investigation of the Second National bank by Bank Examiner Goodheart, who found that the entire surplus of the institution was gone and that the capital stock would be eaten up in protecting depositors.

Made Bad Loan.

According to financiers familiar with the affairs of the Second National, one of the chief causes of its troubles was the loaning of a large sum, said to be nearly $600,000, on stock of the Ford-Johnson company, a furniture making concern, which had contracts for convict labor at many state prions. This security it is said, deteriorated particularly after the company was thrown into the hands of a receiver.

The Ford-Johnson paper also figured in the embarrassment of the Cincinnati Trust company, of which George B. Cox was president. The trust company was taken over by the Provident Savings Bank and Trust company several months ago.

MINE AGREEMENT REPUDIATED

Committee of Operators and Workmen Adjourned and Suspension in Field Continues.

New York, May 3.—The full committee of anthracite operators and miners voted down the agreement that was submitted to them by the subcommittee of the operators and miners to settle the controversy over the question of increased wages and other questions in the anthracite region.

The conference of operators and workers, which was expected by the subcommittee to take favorable action on the agreement, adjourned subject to the call of the chairman. It was announced that the suspension of work throughout the anthracite fields would continue.

FLOOD SITUATION SEEMS HOPELESS

All Hope of Patching Big Crevasse in Levee Abandoned.

WATER THROUGH 800-FOOT BREAK

Special Trains Being Used in Rescue Work—Condition Expected to Become Worst in History of Mississippi River.

Torras, La., May 3.—Hope of patching the break in the Mississippi river levee at Torras, expected to cause the worst situation in Lower Mississippi flood history, was abandoned and water is rushing through the 800-foot breach at the rate of twelve miles an hour. Several small towns were inundated.

The dike protecting the state penal farm at Angola broke in the afternoon, but the flood will be confined to a small section. Reports from other places show the guage readings steadily going upward.

Baton Rouge has been made the concentration point for persons made homeless by the Torras break. Hundreds were taken there during the day and night. The work of caring for these people went on rapidly.

Doubtless preparations for a break at Torras prevented loss of life. As at other threatened points, a train had been placed at Torras ready to go at a moment's notice. When the break came the inhabitants rushed for this harbor. Even some live stock was put aboard and the train run out of the danger zone. Steamboats picked up many marooned persons and took them to Baton Rouge, where government rations are being dealt out.

Sheriff Runs Train.

Sheriff Parker of West Baton Rouge Parish is in charge of a Southern Pacific shuttle train running through the Atchafalaya swamps of Iberville and St. Martin parishes, removing marooned inhabitants to places of safety. The train will continue to run until all are removed, unless the track is washed away. The St. Louis & San Francisco railroad also sent out a special train to pick up inhabitants and live stock all along the line.

Pointe Coupee Parish is the heaviest loser by this last break, but the flood waters may extend over six or eight parishes. Fourteen parishes had been flooded before the Torras break.

Bird's Point Again Flooded.

Cairo, Ill., May 3.—The flood from the Mississippi river again has submerged the country around Bird's Point, Mo., just south of here, and the farmers of that region have been driven from their homes for the second time in six weeks.

DIRIGIBLES DESTROYED A CAMP

First Time in History of World Where They Were Successfully Used for Destruction.

Rome, May 3.—The first successful use of the dirigible as a weapon of offensive warfare took place at Azisiah in Tripoli when two of the new dirigibles circled over the camp and dropped thirty bombs, completely destroying the enemy's position.

Dirigibles had previously been used for reconnoitering and a few bombs had been dropped, but this was the first instance in the history of the world where they were used at length as war machines and kept at the task until an entire camp had been wiped out.

No particulars of the loss of life have been received other than the statement by the Italian military commander that it was "very heavy." The Turks tried to utilize their field pieces to destroy the dirigibles with shrapnel, but they could not get enough elevation, and the explosives fell far short.

Germany to Stop Duels.

Berlin, May 3.—Great indignation was expressed in the Reichstag over the fatal duel when Surgeon Bruning shot and killed Lieutenant Springer at Rastatt, as the result of a dispute over the debate in the Reichstag on the duelling question. A bill was introduced making duelling a penal offense, and it is believed that public sentiment will cause its passage.

Kansas Normal Honors May.

Emporia, Kas., May 3.—The most spectacular pageant in the history of Kansas state normal was the May Day fete, held here on the athletic field. Three hundred children of the model school, assisted by students from the normal proper, took part.

Osawatomie Voted Bonds.

Osawatomie, Kas., May 3.—The bond election in this city providing for the issuing of $20,000 in bonds for a municipal electric plant and other civic improvements was carried by a majority of about 4 to 1. Work will start immediately.

Says Socialists Were Tricked.

Washington, May 3.—Representative Victor Berger, the Wisconsin Socialist, says the flag tramping incident in Union Square, New York, was a trick of Anarchists and Industrial Workers of the World.

A New Standard of Value

To meet the increased demand for Hupmobiles, the Hupp Motor Car Co. have recently built a model new plant with a capacity of twelve thousand cars.

The added facilities for production result in important savings that are returned to you in refinements and betterments heretofore possible. The Hupmobile is a better car than ever for the money.

Cars of "32" Equipment

The new features of the 32 include a roomier touring car, and a handsome roadster. The long-stroke motor which according to the English system of rating adds to this type of engine develops more power, embodies many features which have won country-wide favor and is distinguished unmistakably with the individuality of Hupmobile design.

The new models are by Emil A. Nelson, Chief Engineer of the Hupp Motor Car Co. and designer of the original Hupmobile runabout. His ideas have been executed by an organization that has been preserved practically intact since the incorporation of this Company.

Great pulling power at all speeds for mountain work and heavy roads, smooth, easy acceleration, absence of noise and vibration, all working parts oil-tight and dust proof, economy of gasoline and oil are among the principal advantages of this design.

Club rates for ten or more cars, in and around Maryville, Mo. Will be great special price. We have four on the list to commence with. The proposition: One hundred dollars down, and the balance on delivery of the car. Now prospective buyer, get busy and take advantage of this large club rate.

GARDON (72476), foaled March 6, 1906. Imported from France in 1910 by Chas. R. Kirk for Percheron Importing Co., South St. Joseph, Mo., and Chariton, Ia.; is recorded in the Percheron Register and his American number is 44472. Color gray; weight 1920 pounds; age 6 years.

HERON (77480), foaled April 22 1907. Imported from France in 1909 by Chas. R. Kirk of Chariton, Ia., and South St. Joseph; is recorded in the Percheron Register and his number in America is 43378. Color dark gray; weight 2035 pounds; age 5 years.

HIGH MARK is a black jack, 15 hands high, with light points, 5 years old and weighs 1060 pounds, with good bone, style and action, extra good head and ear. Sired by Black Hawk, Jr., he by Stigall's Black Hawk (of Boyle Co., Ky.), he by Stigall's Mammoth Black Hawk, he by Brown's Marengo Mammoth, Marengo Mammoth sired by Imported Mammoth and his dam by Imported Marengo. Black Hawk's first dam is by John Brown's "Old Jennet," she by Imported Star of the West, and her dam was sired by Henshaw's "Old Jack" known as Isaac Wright, owned by James & Henderson, Clay county, Mo.

The pedigrees on the above horses can be seen on application to the owner. They have the blue seal of the French government.

TERMS—On Gardon and Heron, $15 to insure colt to stand and suck. High Mark $10. Colt stands good for service fee. Fee becomes due when mare is parted with or removed from vicinity. Care will be taken to prevent accidents, but will not be responsible should any occur.

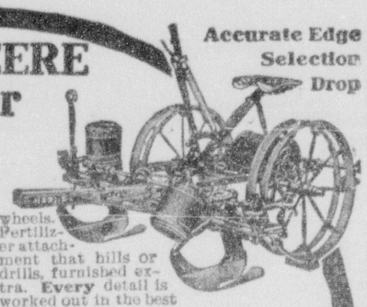
Start in with a DEERE No. 9 Corn Planter



Accurate Edge Selection Drop

THE great accuracy of drop is what naturally interests you most. **Deere** genuine edge selection of corn gives the highest accuracy of drop attainable. Repeated tests show ten to fifteen bushels per acre in favor of accurate planting. This, combined with many other exclusive, desirable features, makes the **No. 9** a profitable investment. You profit by the increased yield due to perfect stand, by the additional years of service and freedom from break down.

Most progressive farmers and planters **won't have** any other. Best informed dealers refuse to consider handling any other. Investigate the time saving and profitable reasons why.

Main seed shaft driven directly by traction wheels takes all the strain from check wire, and avoids side draft. Compensating valves insure perfect check regardless of team speed.

Instantly changed from check to drill drop. Tip-over hoppers—very convenient in changing plates. Plates for all kinds of corn. Five sets always furnished. Standard runner, stub runner, or single disc furrow openers, as ordered. Concave or open tire wheels. Fertilizer attachment that hills or drills, furnished extra. **Every** detail is worked out in the best possible manner. **Come in and see us** and keep posted. We have but briefly mentioned some of the strong features above. Or drop us a post card, and we will promptly send detailed **proofs** free. Deere goods are of the highest standard, and satisfy the most exacting. Ask for our latest **corn book.** The whole subject of gathering, selecting, curing and testing the seed, as well as planting, treated in a small space, **fully illustrated;** a book for the man who wants better corn. RAILROAD FIREMEN WANT MORE MONEY

Were Encouraged by Engineer's Arbitration Agreement.

MANAGERS TO DISCUSS MATTER

Men Demand, in Addition to Increased Pay, Many Changes in Hours and Working Conditions.

New York, May 3.—Following closely upon the agreement of the engineers and managers of the fifty railroads east of Chicago to submit to arbitration the demands of the engineers for increased wages and changes in their hours of work, the locomotive firemen and hostlers of the same railroads have submitted to the managers a schedule requesting additional pay, changes in hours and in some cases the employment of assistant firemen.

Would Cost $30,000,000 Annually.

Grand Jury Acts on 18 Who Lynched Innocent Negro.

Fort Smith, Ark., May 3.—The special grand jury finished its work of investigating the lynching of Sanford Lewis, a young negro, in Fort Smith on the night of Saturday, March 23. Twenty-three indictments were found against eighteen persons, including six former police officers. Twelve indictments were for first degree murder. Two of the men charged with the murder are in jail, and all the police officers except one have surrendered themselves and given bond. They are charged with nonfeasance in office.

The report of the grand jury clears the negro, Lewis, of killing Constable Andy Carr, for whose death the mob formed. The report charges John B. Williams, a prosperous business man, and the holder of a police commission, with the shooting of Carr, and he was indicted for involuntary manslaughter.

ARE YOU GUILTY.

Do You Smoke Too Much, Drink Too Much, Eat Too Much?

It takes a mighty good stomach to feel ready for a good breakfast the morning after the banquet or social session.

"What do you want for breakfast?" inquired Brown's good wife.

"Just a pleasant smile and a breath of fresh air," answered Brown the morning after an important meeting at the lodge.

If you eat, smoke or drink too much always remember that two little Mi-o-na stomach tablets taken just before you go to bed will destroy all poisonous gases and leave you with a sweet, clean stomach in the morning.

For indigestion and all stomach distress, Mi-o-na is the best prescription in the world. The Orear-Henry Drug Co. sells it on money back plan. Large box only 50 cents.

Left for Kentucky.
